PADUCAH, KY., FRIDAY EVENING, MARCH 18, 1910.

TEN CENTS PER WEEK

HALF MILLION IS INCREASE WHICH PROPERTY SHOWS

Returns of County Assessor Are Recapitulated in the County Clerk's Office.

McCracken People Live Plainly, it Seems.

NO EXTRAVAGANCE IN JEWELRY

Recapitulation of the figures in the county assessor's books was completed today by the force in the county clerk's office, showing an increase of \$516,327 in the value of property assessed for county taxation. This increase in the valuation was made by the board of supervisors which was in session during January. The total amount of which taxes will be collected is \$12,097,773 while \$11,581,451 was the valuation for 1909.

The securing of the recapitulation of the assessor's books is not an easy task, as there are so many items, and the lines are so confusing that mistakes are made easily. Before the recapitulation can be sent to the state auditor it must balance. The assessor's books are turned over to the sheriff for him to make out his tax bills and the collector of taxes will begin early in the summer.

The increases. The valuation of city property is fixed at \$7,259,350, an increase of \$122,410 over last year's figures. The value of the real estate in the county is \$2,672,142, the valuation having increased \$70,667. The valuation of bonds is \$21,450. The amount of cash in the banks is \$35,102 while the amount of cash scattered over the county is \$75,062. Personal property is valued at \$1,546,922, an increase of \$264,709. The exemptions amount to \$210,250.

Some of the valuations are humorous and they emphasize how many people fail to give in a correct estimated value of their possessions. For instance, the recapitulation shows there are only 92 diamonds in McCracken county and they are valued at \$9,450. Other items are as ridiculous, as the valuation of silverware is fixed at \$620, while the total value of all the jewelry in the entire county is worth only \$460. According to the figures, the citizens of McCracken county are ready to apply for entrance to the poor house. Watches and clocks are valued at \$416.

Nobody in the county receives any patent rights, while the great sum of \$40 is subject to taxation on account of receiving a royalty. One painting valued at \$40 will give the county a few cents revenue. The recapitulation was in charge of Herman A. Katterjohn, deputy county clerk, who with his assistants has been busy for nearly three weeks on the books. Mr. Katterjohn is an expert accountant and the recapitulation is one of the neatest ever turned out. The work was completed today at noon.

MRS. ROSA TAYLOR

SHE DIES FROM COMPLICATION OF DISEASES.

Mrs. Rosa Kettel Taylor, 46 years old, wife of H. W. Taylor, died at 3 o'clock this morning at her home, 403 South Seventh street, after a two week's illness of complications of diseases. Mrs. Taylor was born in Cincinnati, where she was married to Mr. Taylor. Five years ago they came to Paducah. Mrs. Taylor was a member of the St. Francis de Sales Catholic church of this city and a well known woman.

She is survived by her husband, H. W. Taylor, who is now in the asylum for the insane at Hopkinsville. She also leaves four sisters and one brother as follows: Mrs. George Meyers, Mrs. Sophia Kohlsch and Mrs. Julia Witt, of Cincinnati; Mrs. Katherine Witt, of Whit, Ind., and Mr. Frank Kettel, of Cincinnati. The body will be sent to Cincinnati at 1:30 o'clock tomorrow morning. The funeral and burial will be conducted Monday. The body will be accompanied from here by her sister, Mrs. Meyers, and her nephew, Blaino Kettel.

Mrs. Lucie Oliver Buried. Mrs. Lucie Oliver, the mother-in-law of Thomas McGregor, assistant attorney general, was buried yesterday at her old home in Benton. Mrs. Oliver died Tuesday in Frankfort, where she resided with Mr. McGregor. She was a woman widely known in Marshall county.

Child Poisons Her Foster Mother, Because She Was Whipped--Puts Strychnine in Quinine Capsules

Twelve-Year-Old Bertha Tyner, of Livingston County Confesses and is Sent to School of Reform.

Smithland, Ky., March 18. (Special.)—Because her foster mother, Mrs. Jane Tyner, of Bucknerville, Livingston county, had whipped her, Bertha Tyner, 12 years old, emptied quinine out of capsules which Mrs. Tyner was taking for malaria, and substituted strychnine. Mrs. Tyner took care before going to bed and soon became so ill that she sent the girl to the home of her nearest neighbor, Dr. Wolfe, a dentist. She was in convulsions by the time the Wolfes arrived and they sent for Dr. Radcliffe, of Tiline, across the Cumberland river, and Dr. Hayden, of Salem. It was 10 o'clock next morning before the doctors pronounced the woman out of danger from the poison and another 24 hours elapsed before they said she would recover from the reaction.

The child's repeated inquiries whether they thought she had poisoned her mother and her insistence that she had given her mother only quinine, aroused suspicion, and when an unopened bottle of strychnine was found and shown her, Bertha confessed that she had put strychnine in the capsules, but she refused to state why. When Mrs. Tyner had recovered sufficiently to be told, she said that Bertha had been ailing ever since a whipping of the day before. The child was taken to Smithland and placed in jail, and was sent to the school of reform yesterday. She was taken from the Kentucky Orphan's Home at Louisville two years ago by Mrs. Tyner and adopted.

H. H. AMENDMENT LOST

Mann Measure Supported By All Democrats Save One. Washington, March 18.—By a record vote an amendment proposed by Charles Mann to the administration railroad bill designed to meet some of the objections to the conditions arising from the long and short haul practices of railroads in connection with water competition, was defeated by the house committee on interstate commerce today. All but one Democrat voted with Mr. Mann for the amendment.

MANY RUMORS ARE HEARD OF STRIKE

ONE IS THAT MEDIATORS HAVE STRUCK INSURMOUNTABLE OBSTACLE.

Chicago, March 18.—There is a rumor that Knapp and Neill struck an insurmountable obstacle to a settlement of the strike. Another report is that the railroad offered two and a half per cent increase in wages and the offer was refused by the firemen. Neither side has receded from its stand taken on the majority rule. Knapp and Neill are still holding a conference with railroad managers and firemen. Railroaders refuse to recede from the stand taking in refusing firemen representation on the grievance committee.

DENY JAPANESE AGREEMENT.

Washington, March 18.—The Japanese ambassador today denied that he had any knowledge of the existence of any note such as referred to in some of the newspaper publications today regarding an agreement between America and Japan to exercise a predominant influence over Chinese Manchuria.

State department officials profess to know nothing of such an agreement.

MAYFIELD PARTY SEEING STREETS

REPUTATION OF PADUCAH'S THOROUGHFARES REACHES CAPITAL OF GRAVES.

Several officials and citizens of Mayfield were in the city this afternoon inspecting the gravel streets and improved streets. The reputation of Mayfield has been improved with the good condition of Paducah's streets, and made the trip to ascertain the most economical method of keeping gravel streets in repair. Mayfield is contemplating some improvements to her streets, and wanted to see first the best streets in the state. The party made the trip to Paducah overland in two automobiles.

In the party were: Councilmen T. L. Stoval, W. E. Norman, Wood Gordon, E. G. Fristoe, and Messrs. John W. Landrum, Dr. H. H. Hunt, W. A. Fisher, Frank McClain, W. N. Jeffery, Frank Chess and Clay Lemon, of Mayfield Messenger. The automobile of Mr. Stoval collided with a fence near Lone Oak and was damaged so that it could not be run into the city.

CENTRAL BUREAU WOULD HELP CITIES IN CO-OPERATION

League of Municipalities Plans to Attract Capital and Improve Laws

City Solicitor Campbell Interested in the Work.

WILL START WITH BANQUET.

The establishment of a bureau through which all cities of the state may come and work together to the same end and a plan to invite the investment of foreign capital to Kentucky, were two important questions vigorously discussed yesterday by the executive committee of the Municipal League of Kentucky, at Louisville. City Solicitor James P. Campbell, Jr., of Paducah, who is secretary of the league, returned home early this morning highly enthusiastic over the prospects for a useful future for the league. His return found him chairman of a program committee, which was appointed to arrange for the annual meeting. The date for the meeting was fixed at July 5 and 6 at Louisville, and an elaborate luncheon given by the league at the Seelbach hotel will close the "get-together" meeting.

The solicitor is devoting all of his spare time to its work.

Several matters came before the committee yesterday, but only two were of general significance at present. The committee discussed plans for a bureau to be operated under the auspices of the municipal league and to act as a medium through which all cities and towns in Kentucky may be brought together more closely, to co-operate in every line of thought and movement and keep in touch with the management of city affairs. It is also the intention of the committee for the bureau to handle the legislative branch of the cities and have charge of all recommendations and bills to go before the general assembly. It will take some little time to effect the organization of this bureau, to which an expense is necessarily attached. In order that the committee may have time to devote to it and all cities may give expressions, it was held open until the annual meeting, which will be held in July.

To Invite Capital.

Another vital matter that needs immediate attention is to offer fair inducements for foreign capital, as well as to protect home investments. This, according to Mr. Campbell, is a very important factor in a state's growth and welfare and how to get about this plan will be thrashed out as soon as possible.

How to get members of the league to show an active interest was also well discussed. Mr. Campbell said probably the most enthusiastic and spirited member is Mayor W. O. Head of Louisville, who has promised to do all in his power to make the league a success and already has done much for its interest. Mr. Campbell a week ago sent applications in blank form over the state and said the membership is steadily growing. He said the league anticipates a full membership from the 150 cities of the state and untold benefits will be derived from the work of the league. He said its purpose is to look after the interest and welfare of municipalities of the state; to promote beneficial legislation; to devise ways and means for wise and economical administration; and to advance the interest of the cities of the municipalities of Kentucky. Politics will be eliminated altogether from its operations. No compensation is paid the officers of the league, and nominal membership fees are charged, just enough to care for the necessary running expenses of the organization.

Mr. Campbell received a letter from a citizen of Covington this morning highly commending the purposes of the league. This was a source of inspiration to him and he is trying to arouse like interest in all citizens of the state who are not members of the league.

Program Committee.

On the program committee with Mr. Campbell were placed Mayor Head, of Louisville, and Mayor James H. Polgrove, president of the league, of Frankfort. The committee will arrange to secure speakers of national reputation for the annual meeting to discuss matters of interest to municipalities. The committee will also assign different members of the league to discuss certain topics of interest. These topics are to be decided upon by the committee and it will require several weeks of hard work to arrange this. The committee will meet in a few weeks at Louisville.

Present at the meeting yesterday were: Mayor Head, of Louisville; Mayor S. Lambert, of Owensboro;

Contending Forces in Congress Rest on Their Arms With Allies in Possession of Field of Battle

Insurgents and Democrats Hold Regulars in Session All Night, Trying to Force Speaker Cannon Out.

Washington, March 18.—After a continuous session lasting 26 hours, congress adjourned at 1:45 until 4 to resume considering a change in the rules committee. Joe Cannon voted with the insurgents and favors giving in to them. The regulars are proposing compromises, which so far have been rejected.

The insurgents still retained the upper hand. Senator Bailey in conference with the leaders of the insurgents and Cannon, said, "They are fiddling around trying to effect a compromise; I don't think much of it. Why not get back to business?" The allies have turned down all propositions by the regulars. The first proposition was that the committee consist of ten members with a prohibition against the speaker being a member. The second was that the committee consist of fifteen with no provision that the speaker be not a member. The third was to accept the Norris resolution without a provision against the speaker being a member. The speaker is in favor of giving the insurgents their own way. At 1:45 a motion for a recess until 4 p. m. carried by a vote of 161 to 151. Cannon voted aye.

After vain efforts to recruit a quorum the committee on the Ballinger-Pinchot affair adjourned till tomorrow. Wilson gave as the reason the absence of members of the committee in the house.

President is Interested.

Cleveland, March 18.—President Taft on his way to New York state devoirs accounts of the Washington fight. He is expected to give an idea of the stand he takes today in his speeches. He received the first detailed account here. He will make five speeches today.

Story of the Fight.

Washington, March 18.—War in the house was still on after an 18-hour session this morning, with no sign of an end to hostilities. Every move of the regulars is blocked by the insurgents. Clock rooms are turned into sleeping apartments. Steps are made to arrest congressmen, who slipped away from the session. Nicholas Longworth was the first member arrested. Warrants are out for 200. Cannon is censured for giving warrants to Sergeant-at-Arms Cason, a Republican, when ordered to give them to Sinnott, a Democratic assistant. He is charged with using his power to conduct a personal filibuster in an attempt to escape defeat at the hands of the house. A quorum is present of 720 and insurgents claim a minority of seven even with the full strength of the regulars present.

PLOT TO MURDER SAYLER EXPOSED

NEGRO WAS TO BE MADE DRUNK AND BLAMED WITH CRIME.

Watsela, Ill., March 18.—Eight jurors are accepted in the Sayler trial and two tentatively passed. Golda, Mrs. Sayler's daughter, is to assist W. O. Sayler in the prosecution of Dr. Miller and will try to contradict his testimony, concerning her mother. The defense is more confident today. It is known that Judge Miller is opposed to capital punishment especially in cases where circumstantial evidence enters. Much of the evidence in this case is circumstantial.

W. O. Sayler was summoned to the prosecutor's office to discuss important evidence discovered by the state. Sayler made the statement that a witness would be produced to prove the murder was planned 48 hours before the deed. A negro will be produced to testify that an attempt was made to get him drunk when he was to have been turned into the street after the deed was done. It was figured that public indignation would exhaust itself in violence on him.

Mayor George W. Young, of Eminence; Mayor W. Sworford, of Cynthiana; Mayor Polgrove, of Frankfort; City Attorney R. S. Todd, of Owensboro, and Mr. Campbell, of Louisville, are not members of the committee, but participated in the discussions. Mayor James P. Smith, of Paducah, was unable to attend owing to business at home.

PENSION BILL IS VETOED WITH TWO APPROPRIATIONS

Governor Willson Says Prison Commissioners Controlled Legislature.

Knocks Out Experiment Stations.

ONE SENATOR EATON SECURED.

Frankfort, Ky., March 18. (Special.)—The governor vetoed the Confederate pension bill and the bill increasing the salaries of the prison commissioners. In vetoing the latter, he said the prison commissioners controlled the legislature. He also vetoed the bill for two sub-experiment stations. The experiment stations were engineered through by Senator Eaton, of McCracken, who expected to secure one near Paducah. They were vetoed by the governor; because like many other appropriations made by this legislature they had no visible means of support.

Appellate Court Adjourns. The appellate court adjourned today for the April term.

The governor will veto the bank examiners' measure.

Duel in the Road. Lancaster, Ky., March 18.—Creedmore Turner was killed and Luther Ray dangerously wounded in a duel on the public road in this county.

Mayfield News

Mayfield, Ky., March 18. (Special.)—The Lano case for selling whisky, which was given another hearing in the circuit court, was decided and he was given a \$100 fine and 10 days in jail.

The evidence is still being heard today in the famous Lewis murder case. The case will probably go to the jury late this evening.

Lucy Hester, one of the "dusky maids" of Tin Cup Alley, was arrested on a disorderly conduct charge.

Much work is being done in grading West Water, Fourteenth and Fifteenth streets.

Locals.

Mr. Mac Glasgow returned home last night after a business trip. Mr. H. J. Hendey is quite ill today.

Mr. C. E. Beaumont arrived in this city last night to visit his mother for several days.

Master Jewell Jones, of St. Louis, who has been visiting his grandfather, Mr. J. L. Wratler, left today to visit his aunt at Brewers, Ky.

Sixteen Club Entertained.

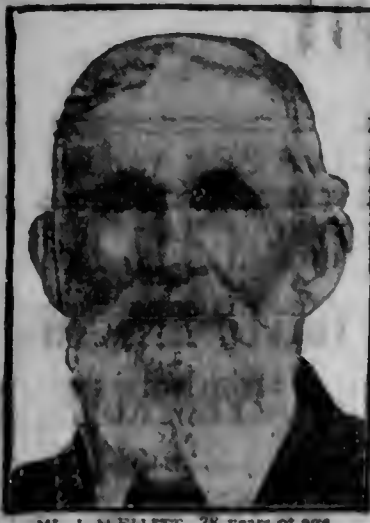

Thursday night was the regular meeting of the Sixteen club and the members felt themselves very fortunate in having Miss Pauline Pittman as their charming hostess. This party was like a great many others—in honor of the patron saint of the day, yet differed charmingly in its originality. The house was decorated in shamrocks and green flags. The score cards carried out the St. Patrick idea, having on each a shamrock. The club prize, a jade stick-pin went to Mrs. Chester Byrn, while the consolation, an Irish potato dressed in a green dress, was drawn by Miss Ona Happy. A salad course, which was accompanied by little popes burning on each plate, was served to the following guests: Misses Ona Happy, Edythe Stevenson, Mary Ridgway, Luna Thurman, Virginia McKakis, Elma Carr and Ruth Beaumont; Messrs. Robert Smith, Chester Byrn, Jim Lochridge, John McDonald, Charlie Abbrington, Harry Noonan, Harry Weaver and Jewell Taylor.

Easter Party.

Miss Marion Happy, assisted by her sister, Miss Ona Happy, entertained the Merry Makers on Thursday afternoon at her home on North Seventh street. The house was suggestive of Easter, being gaily decorated throughout the reception suite with carnations. The score cards were dainty Easter souvenirs. Six games of forty-two were engaged in, after which a salad course and dainty confections were served. Those present were Mesdames George Covington, Roy Paris, Joe Duffot, Thebes Parthing, W. J. Johnston, William Wilson; Misses Olive and Grace Council, Mildred Wright, Agnes Carter, Annie Mellon, Pauline Pittman, Edythe Stevenson, Luna, Thurman, Ruth Beaumont, Mary Ridgway, Datha Norman and Agnes Watkins.

Mrs. Martin Kelly, who was operated on at Riverside hospital a short time ago, is rapidly recovering and will be able to be moved home soon.

Bronchitis at 78

MR. J. M. ELLIOTT, 78 years of age.

Mr. J. M. Elliott Says Duffy's Pure Malt Whiskey Has Prolonged His Life Five Years. It Relieved and Strengthened Him When Nothing Else Did Him Any Good.

"I have been taking Duffy's Pure Malt Whiskey for six or seven years for Bronchitis, which I have had for about twelve years. Before this I tried doctors and everything else, but nothing did me any good. Duffy's Pure Malt Whiskey was recommended to me, as it would benefit me and would build up my whole body and system. I commenced taking it and found that it did me more good than all the medicines I had taken in the past.

"I think Duffy's Pure Malt Whiskey the best thing that a man can take to build himself up and prolong his life, as I am in my seventy-eighth year and had I not taken Duffy's Pure Malt Whiskey six or seven years ago I believe I should have been in the ground five years ago. I find it is the most invigorating medicine I can take, and I want the people of the world to know what it is doing for me."—J. M. Elliott, 608 23rd Street, Richmond, Va.

Free Sample Helps Weak Women

So many of the ills of women are due to constipation that too much warning cannot be given them to keep the bowels well open. They have a tendency to timidity about this that is positively dangerous to their health. It is a function that is as necessary as air and food and should not be avoided.

But it is important to know the remedy best suited to woman's needs. Cathartic pills and tablets are too powerful and salts and purgative waters are both powerful and nauseating. What is wanted is something milder and better tasting, but which at the same time is promptly effective. Dr. Caldwell's Syrup Pepsin fills these requirements and is being taken by thousands of intelligent American women. They not only use it themselves, but having found it effective in their own case, they keep it in the house for other members of the family, for we are all called upon at some time or other to use such a remedy.

It is a safe and reliable laxative tonic and can be conveniently obtained of any druggist at fifty cents and one dollar a bottle. Before buying a bottle of your druggist the doctor invites you to make a test of it at his expense and when you are satisfied it is what you want you can buy it in the regular way, just as thousands are doing. For either request the doctor's name and address to Dr. Caldwell, he will send you a sample bottle free of charge.

Thousands of people owe the present good health of their families to applying for a free sample bottle, for in this way they learned of an effective and inexpensive cure for constipation, indigestion, liver trouble, sick headache, sour stomach, and troubles of that kind that come from a disordered stomach, liver or bowels. The family of Harry T. Becker, 228 W. Monroe street, Chicago, are among the legions who highly praise this grand laxative and are glad to publicly say so. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 12507 Caldwell building, Monticello, Ill.

DR. EDWARDS' OLIVE TABLETS

WILL MAKE YOU FEEL FINE.

Do you feel out of sorts?—Is your tongue coated, and your breath bad; do you feel nervous and chilly, like you have malaria? If you do your liver is out of order, your bowels and kidneys are not relieving the system of its poison. What you need is an effective laxative. One that will do the work of calomel, but leave none of calomel's bad after effects. Take Dr. Edwards' Olive Tablets—one laxative tablet that does not contain calomel, yet does calomel's work. These little olive-oil and vegetable tablets are perfectly harmless and pleasant to take. They increase and thin the bile, overcome constipation and rid the system of its poison. (Should you eat too much at a banquet or a late night meal, which always makes you feel stuffy and dull, just try one or two Olive Tablets before you retire and see how fine you feel next morning. They will do the work if you only let them. At all druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

Our "Proposition of Comparison"

THE PLAN we call our "Proposition of Comparison" is very simple. You come into our store, pick out as many suits and other things as you like, and tell us to send them to your home. You have other stores do likewise. Then, in the quiet of your own home, away from the influence of salesmen or triplicate mirrors, you and your family select the clothes you like best. You make a temporary store of your home. It's a great thing. Friends to whom we mentioned it tell us it's ingenious. But it isn't. It is simply a case of confidence in our clothes. It brings home to you the force of our assertion that we are selling far and away the finest clothes in town at no greater cost than the average sort. Try it out.

"Nobody ever gets ready and then

both touched on conservation yester-
day. Conserve capital and wealth
and leave the railroads alone, ad-
vised Hill. The railroads will not be
bothered so long as they keep within
the law, commented President Taft,
but they must be taught to keep
within the law.The Benton Tribune-Democrat
quotes:
"The legislature has raised salaries
of the prison commissioners from
\$2,000 to \$3,000 a year. This is
placing another burden on the tax-
payers, but still, if Bill Brown and
Harvey McCutchen, who get the
benefit of the act, manage their off-
ices one-tenth as well as they have
managed the present legislature,
their services would be cheap at
\$10,000 a year."Barney Oldfield clipped off the
course at Daytona in something like
120 miles an hour. That is flying;
but there are times when one wishes
to wrap the lines around the whip;
there are moments when the chirp of
a bird sounds sweeter than the chug
of an engine, and the odor from a
freshly mown clover field at the side
of the road shows some class as com-
pared with the stench from a gaso-
line tank. Grass and flowers and
trees, too, are pretty when one has
the time to observe them in passing.
And then a man can get on some-
thing like affectionate social terms

cranking.GIVE SOMETHING.
Ladies, representing the Home of
the Friendless, today are distributing
in every house in the city and Lone
Oak envelopes for contributions to
the Home. These, when sealed by
the persons to whom they are given,
will be collected by the ladies and no
names will be placed on the en-
velopes. There will be no compar-
ison between your gift and that of
somebody else. Put in the envelope
you can spare. If you can spare\$100, put that in; if a dollar, put
that in; if five cents or a penny, put
it in. It is the average, which will
count. If everybody gives some-
thing—as much as he can and fill
the balance with good wishes—the
Home of the Friendless will be im-
mensely improved, and the com-
munity to that extent benefited.After a nap in his office, the
Washington dispatches tell us, Joe
Cannon reappeared "pale but deter-
mined." If Joe Cannon spent the
night in bed, resting up, the situa-
tion is indeed serious.STABBED IN THE HOUSE OF ITS
FRIENDS.Ollie James, astute politician, and
jealous of the name of his state,
sounded the depth of concern he felt
over the temporary defeat of the con-
stitutional income tax amendment in
the Kentucky senate, when he deliv-
ered a strong speech in the congress
yesterday, attempting to fasten the
responsibility on Governor Willson.
Mr. James declared that the governor
has nothing to do with the constitu-
tional amendment and that it re-
mains only for the secretary of state
to forward the enrolled resolution of
the legislature to Washington. That
probably is true; but if the resolution
adopted by the Kentucky legislature
to forward the enrolled resolution of
his chair in that it is an impotent
bit of paper, containing no reference
to incomes, and void as far as ratify-
ing the proposed amendment to the
federal constitution is concerned, it
was a bold speech he made, but he
missed the essential. Governor Will-
son sent the resolution back to the
legislature, because it omitted the
word "income," and the senate failed
to correct the error.If the governor's sanction was
not necessary to the amendment's
validity, his veto does not invalidate
it; but if the resolution as passed is
inherently defective, it is void
whether the governor sanctions it or
not. The only thing Governor Will-
son can be accused of doing, is to
call the attention of the legislature
to a fatal omission, whether inten-
tional or not, and he did it in ample
time for the legislature to correct the
fault.Mr. James failed to throw the re-
sponsibility on the governor; but his
speech did serve to call to the atten-
tion of the country to how Kentucky's
legislature failed to carry out the
wishes of the people, expressed in
convention and through the press,
and indicated the method, which is
being used to defeat the ratification
of the amendment by three-fourths of
the states.The "malefactors of great wealth"
in the east are not fighting in the
open against the amendment; they
are staying out of their own legisla-
tures. But down here in the south,
where public sentiment is practically
unanimous for the amendment, legis-
lators are pledged to its enactment
and party platforms pronounce in
favor of it, we take it for granted
that the legislature will adopt the
resolution, and no one is on guard.
When a legislature, like the one
which just adjourned at Frankfort,
ties itself up with absurd two-thirds
rules, which makes the membership
but puppets in the hands of a rules
committee, the bribery of a few is
sufficient to prevent the passage of
any kind of measure.It must be said to the credit of
Senator W. V. Eaton that he made a
gallant fight at the last moment for
the resolution, and that a majority
of the members favored it; but it is
little to the credit of a set of free-
men, that, after they find they have
bargained away their liberty and the
interests of the people and volun-
tarily placed themselves in the hands
of corruptionists, they vehemently
protest against the action of their
self-imposed masters. Like Ollie
James' speech, their vehemence but
accentuates their shameful humilia-
tion, and accomplishes no good. They
were sent to the legislature to repre-
sent their constituents and they were
expected, not only to abstain from
disloyalty and bribery themselves,
but to keep themselves free to do
what they thought best for their con-
stituents, the state and the nation.
There is no parliamentary excuse for
a two-thirds rule, it was adopted for
the purpose of holding the majority
parly in leash, and it was used to
prevent the passage of bills for the
public welfare. That this is so, is
proved by the very fact, that, while
a majority favored the constitutional
amendment and some of the senators
of the majority party fought for it,
they were prevented from passing it
by the very rules they adopted of
their own free will.Unless a warning is sounded
throughout the south, the defeat of
the resolution in Virginia, and the
postponement for two years in Ken-
tucky, will be repeated elsewhere,
and the income tax amendment will
be assassinated in the house of its
friends.

resolution relating to the taking of
the census.

Republican Whips Busy.

He asked that his resolution be
placed before the house at once. On
both the Republican and Democratic
sides nearly every member was in his
place, and all realized that at last
the "insurgents" were looking horns
with the regular Republicans for
what might prove a death struggle.
On both sides of the house the
"whips," realizing the necessity of
obtaining their full voting strength,
put in motion all their resources for
the summoning of absent members.
Telegrams were sent to those who
were absent on leave and had left
the city. Taxicabs were ordered to
make quick trips to the hotels and
residences of the few members known
to be in Washington who were not
on hand.The news of the impending strug-
gle soon spread about the city and
the galleries, that had been but half
filled, became crowded.Mr. Norris, whose seat is on the
Democratic side, appealed to the
speaker for a ruling in favor of the
immediate consideration of his resolu-
tion. He insisted that the time
had come for action by the house, so
that it might take into its own hands
matters affecting legislation. The
attitude of the Democrats toward the
movement so suddenly put under way
was made evident by the prompt in-
dorsement of Mr. Norris' contention,
and by Mr. Underwood, of Alabama, and
by Minority Leader Clark, of Mis-
souri.

Cannon's Hot Retort.

Mr. Underwood insisted that the
language of the constitution made the
Nebraska resolution a matter of
the highest privilege. Minority Lead-
er Clark reminded the speaker he
had once said that the house could
do anything it pleased, even to the
selection of a new speaker."The speaker has said that an ele-
phant could be put through the
house if the house so desired," shout-
ed Mr. Clark."The speaker," retorted Mr. Can-
non, who until now had watched the
proceedings in grim silence, "would
be prepared to rule on the question
whenever any gentleman thinks that
the minority has become the majority.
But that presents an entirely differ-
ent question from the one now before
us."Mr. Clark, opposing any suggestion
that the resolution be referred to the
committee on rules, declared that
that committee consisting of three
Republicans, including the speaker,
and two Democrats, could not be
trusted with a measure curtailing its
own powers. The Republican major-
ity of one on that committee was as
great as their majority in the house,
"and," he added amid laughter,
"more reliable."

Clark Sounds Tocsin.

"If you want to change the rules,"
shouted Mr. Clark, looking over the
house, "now is the accepted time."When the applause had subsided,
Majority Leader Payne made a
strong and feeling plea for "regular-
ity.""We can not have the responsibil-
ity of the majority in this house,"
said Mr. Payne, "unless we can ex-
ercise it under the rules of the
house. The men on that side," he
continued, waving his hand toward
the Democrats, "come today to break
down the rules.""You see the Greeks over there
bearing gifts and starting a revolu-
tion at the same time in an attempt
to organize the house committee.
We are ready to hold up the hands of
that brave fighter at the other end
of the avenue," said Mr. Payne, re-
ferring to President Taft, "with his
clear vision and his great interest in
the public welfare, and with his
great heart beating in sympathy with
the American people. Now at this
critical time, with an election coming
off and with the best interests of the
people at stake, you who have fought
for the Republican party—have a
care that you do not aid and abet the
enemies of the Republican party."

Republicans Harangued.

The closest attention was given to
the words of the Republican leader.
An outburst of applause on the Re-
publican side had hardly died out
before Mr. Polindexter, of Washing-
ton, one of the long-time insurgents,
obtained the floor."Upon a question when a crisis
arises," said Mr. Polindexter, "what
is the practice in this house so far as
the parliamentary procedure is con-
cerned? A special order is brought
out setting aside the rules, which
have been extolled by the gentleman
from New York."Mr. Tawney, interrupting, asked
the member from Washington whether
or the committee, which it was prop-
osed to create, would not be as ar-
bitrary as any other committee. He
asked Mr. Polindexter whether the
two members of the committee on
rules had not been selected by a
Republican caucus."It is more correct to say," inter-
jected Mr. Norris, "that the caucus
confirmed the men selected for that
committee by the speaker.""The speaker did not select them,"
replied Mr. Tawney. "It was on
my own motion that these members
were selected.""When a resolution comes from
the gentleman from Minnesota,"
shouted Mr. Norris, "it is safe to say
that its origin was not very far from
the speaker of this house."

MILLIONS OF LIVES LOST.

An Awful Toll Collected By Con-
sumption—Many Unnecessary
Deaths From This
Disease.If people could only understand
that systematic catarrh is an internal
disease that external applications can
not cure, they would not need to be
warned so often about this malady,
which, when neglected, paves the
way oftentimes for consumption, at
the cost of millions of lives every
year. Yet catarrh may be cured; if
the right treatment is employed.Catarrh is caused by a general dis-
eased state of the system which leads
commonly to annoying and perhaps
serious local conditions, which may
prove a fertile breeding ground for
germs of consumption. External rem-
edies give but temporary ease.The only way to successfully treat
catarrh is by employing a medicine
which is absorbed and carried by the
blood to all parts of the system, so
that the mucous membrane or in-
ternal lining of the body is toned up
and made capable of resisting the in-
fection of consumption and other dis-
eases.We have a remedy prepared from
the prescription of a physician who
for thirty years studied and made
catarrh a specialty, and whose record
was a patient restored to health in
every case where his treatment was
followed as prescribed. That remedy
is Rexall Mucuo-Tone. We are so
positive that it will completely over-
come catarrh in all its various forms,
whether acute or chronic, that we
promise to return every penny paid
us for the medicine in every case
where it fails or for any reason does
not satisfy the user.We want you to try Rexall Mucuo-
Tone on our recommendation and
guarantee. We are right here where
you live, and you do not contract any
obligation or risk when you try Rexall
Mucuo-Tone on our guarantee. We
have Rexall Mucuo-Tone in two sizes,
50 cents and \$1.00. Very often the
taking of one 50-cent bottle is suf-
ficient to make a marked impression
upon the case. Of course in chronic
cases a longer treatment is necessary.
The average in such instances is three
\$1.00 bottles. Remember you can
obtain Rexall Remedies in Paducah
only at our store, the Rexall Store.

Notes and Personals.

It is rumored in river circles that
the Chattanooga Packet company,
operating the steamers Chattanooga
and James N. Trigg in the Tennessee,
will abandon the trips to Joppa and
instead of making railroad connections
there will go to Evansville, Ind.,
after reaching Paducah. This
will result in further competition in
the Paducah and Evansville trade, as
it is generally believed that the St.
Louis and Tennessee River Packet
company will operate a boat between
here and Evansville. The Chat-
tanooga has been going to Joppa to un-
load in the past, but recently the
Trigg was built and two boats in the
trade will enable the company to run
to Evansville easily. There is a good
deal of business along the upper
Ohio. With this change on the part
of the Chattanooga Packet company
and the decision of the Tennessee
river packet company to place a boat
in the Paducah and Evansville trade,
there will be four lines competing,
the other two being the owners of
the John L. Lowry and the new
Evansville and Paducah packet com-
pany, which will operate the Joe
Fowler and John S. Hopkins in n
short time.Another report going the rounds is
that Capt. John Massengale, general
manager of the St. Louis and Ten-
nessee River Packet company, will
shortly place either the City of Savan-nah or Clyde in the Paducah and
Evansville trade, taking the day op-
posite the steamer John S. Hopkins,
of the new packet company. Capt.
James Koger, vice-president of the
line at Paducah, is now in Florida
and this report cannot be confirmed
yet. Should this step be taken there
would be some interesting competi-
tion in the Paducah and Evansville
packet trade.On account of the death of his
mother Jake Kittinger, the Evans-
ville agent of the John L. Lowry has
been called to South Carrollton.The Joe Fowler will make three
excursion trips between Evansville
and Henderson Sunday.The Nashville leaves Nashville to-
day for Paducah, arriving here Satur-
day afternoon.The John L. Lowry was the Evans-
ville packet today.Capt. A. Volght has gone as pilot
on the lowboat Lyda, which departed
yesterday evening for the Tennessee
to load ties.With a big tow of ties the towboat
Antoinette departed for Cairo yester-
day. She should return today or to-
morrow.The Mary Anderson departed for
the mines at Caseyville yesterday
after a tow of coal for the West Ken-
tucky Coal company.Conway Graydon is now the popu-
lar mate on the Dick Fowler.The Dick Fowler returned early
last night from Cairo. She took a
large shipment of wheat to Metropo-
lis. She left on time today for
Cairo.The towboat Henrietta got away
yesterday evening for the Cumber-
land to load ties.The T. H. Davis brought a large
load of logs here from Cairo yesterday,
delivering it to the Ferguson &
Palmer Mill company. She returned
to Joppa last night.The I. N. Hook returned from
Cairo yesterday evening, where she
delivered ties. She will leave in a
few days for the Tennessee after an-
other tow.The towboat Egan is due in port
from Memphis the early part of next
week.Rivermen here have received at-
tractive folders of the excursion
steamer Helen Blair, which arrives
at Paducah at 7 p. m. May 2 en
route to Nashville with hundreds of
excursionists. The folder gives the
entire itinerary of her voyage from
her home port, Davenport, Ia., to
Nashville, Tenn., and return. In all
the Blair will ply 2,150 miles on the
round trip. She will travel 550 miles
down the Mississippi, 75 miles up the
Ohio and 450 miles up the Cumber-
land. Mail at Paducah will be re-
ceived through the Fowler boat store.

IN SOCIAL CIRCLES

Memphis Wedding of Interest Here.
The Memphis Commercial-Appeal makes notable mention of the marriage of a former Paducah girl who is prominently related here, as follows:

"Mr. and Mrs. Charles Austin Tindall announce the marriage of their daughter, Ryal Thomas, to Gilbert Watson Palmer, Monday, March 14, 1910, Memphis, Tenn. The wedding was very quietly celebrated yesterday afternoon in the attractive apartment of the bride's parents in Marchal court, Adams avenue. The hall and parlor were hung with southern smilax, with palms and ferns banking the walls, while about the room were tall cut glass vases holding bride roses, white carnations and easter lilies. The bride and groom stood under a canopy of southern smilax and bride roses during the ceremony, which took place at 4 o'clock. Rev. W. H. Sheffer officiating. The pretty bride wore a very handsome braided tailored suit of tan satin pongee, with a spring hat and accessories in harmony. Her bouquet was of valley lilies and white sweet peas. The only attendant was Miss Lou Lawrence Corbett, of Chicago, who was maid of honor. She wore a white tailored suit with a picture hat. Her flowers were pink sweet peas. Prof. Bottello presided at the piano, rendering a beautiful program of wedding music. Only relatives were privileged to witness the ceremony, following which a dainty wedding menu was served in the dining room, which was prettily decorated in white and green. In the center of the table stood the punch bowl, rising from a mound of bride roses and ferns. About the room were clusters of white carnations and ferns. The green and white wedding motif was carried out in the menu. The individual cakes bore the final initial of the bride and groom. T-P. In green, and the laces were in the form of roses. Mr. and Mrs. Palmer left at 5 o'clock to spend their honeymoon on the golf coast. The bride is one of the prettiest and most attractive members of the younger set, who during the winter has shared in many of the social favors enjoyed by the debutante set. She is a member of a prominent Kentucky family, but has for several years made her home in this city, where she is popular in a wide circle of friends. The groom, formerly of New York, is the manager in this city for a New York firm, and since coming here has made hundreds of friends. After April 1 Mr. Palmer and his bride will be at home at 1543 Union avenue."

TERRIBLE TRAIN OF SYMPTOMS

Followed in the Wake of the Trouble Which Overtook Mrs. E. Fournier, of 516 Kirby street, this city.

Lake Charles, La.—"I was so sick, as a result of womanly trouble, that I thought I would die," writes Mrs. E. Fournier, of 516 Kirby street, this city.

"I used to suffer every month, and no doctor could relieve me. The month before I took the Cardul, I could hardly walk, and could not wear my corset."

"I had backache, headache, pain in my legs, chills, fainting spells, sick stomach, dragging feelings, and no patience or courage."

"Since taking Cardul, I feel like a different woman. I have no more pain, can walk as far as I want and feel good all the time."

"I advise all sick ladies to try Cardul, the woman's tonic."

You can buy many medicines and tonics, for men's and women's ills, but only in Cardul can you get the benefit of the combination of herb medicines, peculiar to Cardul alone.

Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons of the body, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of nausea. TWO GAMES

AHEAD OF LEADERS IN BASKET BALL LEAGUE.

Contest Tonight Will Decide What Chance High School Has for Pennant.

Team	Pct.	Win	Loss
C. C. & W.	.683	900	800
High school	.775	800	700

With two games of importance to the two leading teams in the city basketball league, a large crowd is expected out tonight to see the games. The Chess, Checker and Wildcat club quintet will play the D. A. D. five, while the High school team will have the Light and Power boys for opponents.

If both the leading teams win their games tonight the percentage column will be unaffected, and High school's only hope of winning the rag will be a defeat of the C. C. and W. team next Tuesday night, which would mean a tie, and then probably a victory in the deciding game. Should the frats win tonight and the school lose win, the High school and C. C. and W. teams would be tied for first place, and the final game of the season next Tuesday night would decide the banner bearers. However, it is hoped out that both the High school and Chess teams will win tonight and next week the High school team, next Tuesday, will make its final effort to defeat the Chess, Checkers, and tie the percentage.

NEW ORDINANCE

AUTOMOBILE OWNERS WISH TO RUN 15 MILES AN HOUR.

Will Appeal to General Council to Increase Speed Limit Inside City.

With Police Judge D. A. Cross' declaration that he will fine every autoist who is arrested and proven guilty of going at a greater rate of speed than eight miles an hour, auto owners and drivers are up in arms over the new ordinance, which was introduced last fall and which proved to be a "sleeper" in the hands of a committee of the general council.

Auto owners say eight miles an hour is merely moving, and, working on this principle they got together last year and presented an ordinance, permitting a speed of 15 miles an hour and restricting the speed to 10 miles in the business center and 6 miles per hour in rounding corners. After the ordinance had been juggled in the council it was referred to a committee

TAFT MEN GIVEN THE BEST OF IT

STORIES TO CONTRARY FROM LOUISVILLE DISCREDITED.

Senator Bradley Shows By Statistics That Fairbanks Supporters Are Not All In.

ALL TAFT IN FIRST DISTRICT

Louisville, March 18.—A Washington special to the Herald says: No little surprise is expressed here in political circles familiar with the situation in Kentucky at the effort that has been made in certain quarters, and chiefly through the columns of the Louisville Evening Post to make it appear that there has been unfair discrimination against Taft supporters in the appointments to office that have been made at the suggestion of Senator Bradley and Republican congressmen.

A prominent Kentuckian, who is in the confidence of the party's representatives, here from the Bluegrass state, said that much irritation was felt at the obvious effort to put a wrong complexion upon the policy followed by the president in naming men for federal office in Kentucky.

Stirling Up Strife. He charged that the Post had resorted to misrepresentation of the facts, and was evidently bent upon creating prejudice against the junior senator and stirring up strife in the ranks.

From this man it was learned that Senator Bradley had prepared a careful analysis of the appointments already made, which showed that the Taft supporters in Kentucky had been given the advantage in the distribution of patronage.

On being asked for details, he produced a tabulation of offices for which occupants have been named. It is understood that this statement of the facts has the authority of Senator Bradley behind it.

Taft Men in Office.

It shows that the following Taft men have been appointed to important posts: A. T. Wood, pension agent; L. P. Petty, collector for Fifth district; A. R. Patrick, marshal for eastern district; Sherman Cooper, collector Eighth district.

Lawson Ross and T. A. Field, appointed collectors in the Second and Seventh districts, respectively, were opposed to Taft.

Among the postmasters named, 30 favored the nomination of Mr. Taft. They were appointed to the following places:

Glasgow, Smith's Grove, Adairville, Russellville, Mayfield, Murray, Fairmont, Williamson, LaGrange, Frankfort, Mt. Sterling, Hickman, Hodgenville, Greenup, Brooksville, London, Burnside, Monticello, Painville, Stanford, Henderson, Shelbyville, Versailles, Leitchfield, Grayson, Burlington, Vanceburg, Lawrenceburg, Campbellsville, Pineville, Morehead, Corbin, Benton and Murray.

Only Nine Fairbanks Men.

Seven men who favored the nomination of Mr. Fairbanks have been named as postmasters at the following places: Lancaster, Searles, Paris, Bowling Green, Newport and Carrollton.

On this showing so far 37 of the president's supporters and nine Fairbanks men have been appointed, or a ratio of four to one and one to spare for Taft.

In the First.

In the First district none but Taft men are on guard.

Night On Mt. Mountain.

On a lonely night Alex. Henton, of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's case of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such bearing-down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. M. K. Knott, Oronogo, Mo.

Another Grateful Woman. St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way."—Mrs. A. L. Heczo, 5722 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

JAPS WILL SEEK TERMS WITH U. S.

NEW YORK WORLD'S WASHINGTON CORRESPONDENT.

Says Overtures Soon Will Be Made to the State Department at Washington.

CONCERNING CHINESE CASE

New York, March 18.—That Japan will shortly submit to the state department proposals looking to an understanding between Japan and the United States, so that the two countries may together dominate the far east, and maintain together open door, is the announcement made by the Washington correspondent of the New York World.

It is said that the proposals were received at the Japanese embassy in Washington on Tuesday, and will be presented to the state department within a week. The proposals will be submitted "tentatively," it is said, and it will be urged that they be adopted for a period of five years.

According to the World's dispatches the proposals constituting almost a formal alliance as a basis of understanding are as follows:

Formal Understanding.

First—That a formal understanding by note or treaty looking to the consolidation and maintenance of the general peace in Asia, especially along the Pacific shores, is advisable; the preservation of comports and mutual interests in China, by maintaining Chinese integrity and commercial equality, in conjunction with the provisions of the Anglo-Japanese alliance, the continued maintenance of the fisheries rights of both countries in the regions of the Behring Straits, Philippines and Saghalien.

Second—That whenever in the opinion of either government any of the rights or interests of either party are in jeopardy, one of the parties will communicate with the other, and they shall consider in common the measures to be taken to safeguard all mutual interests and rights.

Safeguards Urged.

Third—That safeguards be taken for the interests of both nations, and of all those nations that were signatories to the Hay note. In case of unprovoked attack or aggressive policy, this agreement is to be effective, no matter what government shall develop belligerency. It is further proposed that Japan shall agree to be

mutually bound to make peace, in mutual agreement, providing the United States recognizes the right of Japan to take such measures of guidance, control and protection of Chinese Manchuria and the Pacific basin as she may deem proper and necessary. This is with the understanding that Japanese procedure will be in consonance with the principles of equal opportunity for the commerce and industry of all nations.

BUSINESS MEN ARE OUT WORKING

WILL RETAIN ROOS FACTORY IN THIS CITY.

Laporte, Ind., Offers Flattering Inducements to the Concern to Go There.

HALF THE MONEY SUBSCRIBED

Splendid inducements have been offered by the business men of Laporte, Ind., for the location of the Ed Roos company in the shape of a complete building equipped with machinery, and financial inducements as well. A delegation of business men from Laporte arrived in the city early this morning and presented the offer of the Indiana city for the location of the factory. Mr. Ed Roos will leave early next week for Laporte to investigate, and may decide to accept the proposition unless the bonus of \$10,000 is raised quickly in Paducah.

As a result of the joint meeting of the Retail Merchants' association and the Commercial club last night the committee were busy today calling on the business men, and they met with encouragement. Half of the \$10,000 has been subscribed and from the prospects the remainder will be raised. Mr. Roos was at the meeting last night, and as evidence of his fairness placed in writing an agreement that in case the plant was not in operation five years from the date it started, each contributor would have a lien on the property in proportion to the amount contributed.

It was decided that the city should retain the factory if possible, despite the fact that other cities have offered alluring inducements. President James C. Utterback appointed Mohr Michael, Sol Dreyfus, S. A. Fowler, George Goodman, H. A. Lindsey, C. E. Jennings, W. P. Hummel and Wallace Weil as a committee to make a canvas among the business men, while J. C. Gilbert and Will Farley were appointed for Mechanicsburg. To act in co-operation with this committee J. L. Wolff, president of the Retail Merchants' association, appointed Charles Weille, H. L. Meyer, Jake Wallenstein, Louis Henneberger, J. L. Wanner and H. C. Rhodes. Members of the committee began work in earnest this morning and were confident of raising the bonus necessary to retain the company.

The gentlemen from Laporte surprised Mr. Roos with the liberality of their offer, and he will investigate it before he even decides to remain in Paducah. The Indiana people offer the building and machinery so that it would be possible for the company to start work in a few days and resume the filling of the large number of orders on hand when fire completely wiped out the factory here. Should the bonus be raised in the city it would require some time to erect the building and equip it with machinery. Despite the fact that the offer from Laporte was flattering for any company to accept, Paducah business men are sanguine on the city retaining the location.

Foley as assistant to Vice President Park. Mr. Foley was formerly assistant general superintendent of the Union Pacific at Omaha.

STOMACHS REPAIRED.

Relieves Distress in Five Minutes.

Let Mrs. Griffith tell you about Mi-o-na, the greatest prescription for stomach troubles ever written: "For years I have doctored for acute gastritis, but only received slight benefit, and had to be careful what I ate. But, thanks to Mi-o-na stomach tablets, I can now eat anything. Last Christmas, after partaking of a hearty turkey dinner, I was seized with an attack of acute indigestion, and the doctor worked over me for hours before I got relief. I paid me eight visits before I could say I was well enough to sit up. But since then I have taken Mi-o-na tablets, and I have not been troubled since. Before using Mi-o-na I had attacks about every month."—Mrs. Ida Griffith, 1213 C. St., Washington, D. C., July 5, 1909.
Mi-o-na stomach tablets are sold by druggists everywhere and at Gilbert's drug store for 50 cents a large box. They are guaranteed to cure indigestion, sour stomach, belching gas, dizziness, biliousness, heaviness, or any stomach ailment.

DISAPPEARS SUDDENLY.

Poslam Makes Quick Work of Skin Disfigurement.

By taking a small part of the skin which is affected with some blemish, such as pimples, rash, blotches, etc., or which is unduly inflamed, itching or chafing, and applying thereto a small quantity of poslam sufficient only to cover the selected surface, an immediate demonstration may be had of the remarkable properties of this new discovery and enough poslam for the purpose will be mailed free of charge to any one, upon request, by the Emergency Laboratories, 32 West 25th street, New York. The spot so treated will be cleared and healed in twenty-four hours.

Poslam puts a stop to itching as soon as applied, and its readiness in healing these small surfaces and minor troubles is but an indication of its rapid action in curing eczema, tetter, scabies, etc., on hands, limbs, scalp or any part of the body. As the quantity necessary to use varies with the nature of the trouble, poslam is put up in two sizes, one for 50 cents (for minor cases) and the regular jar at \$2. Both are always on sale at Gilbert's and R. W. Walker & Co.'s, also other drug stores.
